

HYPERICUM COCO MIX (CONSUMER BUNCH)

BUNCHING & PACKING GUIDE (5 STEMS / BUNCH)

STEP 1: FLOWER BUNCHING AND TRIMMING

Prepare **5 clean stems** and bundle them to be bunched as **5 stems / bunch**.

Trim the stems following the correct **length required (60cm / 50cm)**.

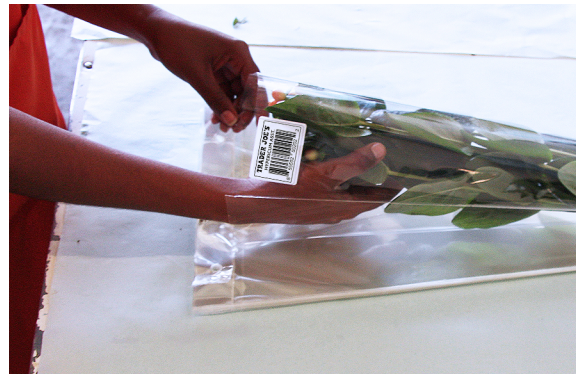

Carefully secure each bunch using an **elastic band**.

STEP 2: STICKER APPLICATION AND FLOWER SLEEVING

Place the **sticker** with the **variety name, stems / bunch count, and barcode** on the upper portion of the sleeve (as seen on the photo above).

Carefully place the **prepared bunch** inside the sleeve and secure with an **elastic band**.

The information on the sticker should be printed and aligned properly.

STEP 3: BOX PACKING

Check the **picking order** and pack the correct number of bunches accordingly.

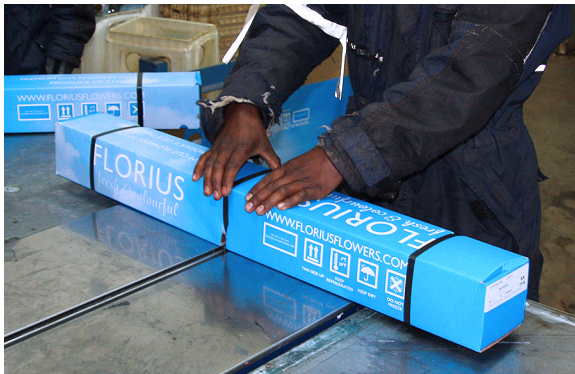

Carefully pack each bunch **preventing any damage to the sleeves and/or stickers**.

Extra care is required when packing **Coco Mix (Consumer Bunch)** boxes.

STEP 4: BOX STRAPPING

Secure each box with plastic straps (as seen on the photo above).
